Last time buy / End of life notice #23 – ADSL-350

Article number	Sales part description	Last time buy date	Replaced by	Notes
3623-0301	ADSL-350	2017-09-30*	BRD-355	Form Fit and Function replacement

* If our current stock does not last until LTB date we will deliver units based on first come first served.

Summary

After more than 5 years the ADSL-350 is reaching its end of life period due to a core component becoming extremely hard to source. Westermo therefore took a decision to develop BRD-355 a form, fit and function as replacement unit to guarantee a future solution towards our customers.

While the BRD-355 is a direct replacement for the ADSL-350 there may be minor difference and changes that Westermo have made in order to improve the product.

BRD-355 has the same or better feature set as ADSL-350, improvements compared to ADSL-350:

- Isolated power supply
- Support for ADSL Annex J

Time schedule for the BRD-355 launch is end of August 2017.

After launch more information about the Westermo BRD-355 will be found on our website at: <http://www.westermo.com>
