

Multi Band Low Profile Puck Antenna

ANT-LTE-LP-2.5M

ANT-LTE-LP-2.5M is a low-profile antenna with durable design. The antenna is ground plane independent and enables flexible and easy installation. Ideal for M2M applications, roadside kiosks and mobile installations.

Ordering Information			
Art.no		Description	
9350-0370		ANT-LTE-LP-2.5M, 2G/GPRS/3G/HSUPA/HSDPA/4G LTE antenna	
<ul style="list-style-type: none"> • 790-960MHz and 1710-2690MHz • Discreet design with hole mount • Rubber gasket included • IP67 • DC short 			
Specifications			
Electrical		Mechanical	
Frequency	790-960Mhz 1710-2690Mhz	Dimensions (D x H)	96 x 26mm
Impedance	50Ω	Weight	190g
Polarisation	Vertical	Cable	RG316, 2.5m
VSWR	3:1	Connector	SMA(m)
Gain	790-960Mhz – 2.15dBi 1710-2690Mhz – 3.15dBi	Material	PC/PBT/Aluminium alloy
Max Power	10W	IP Class	IP67
Environmental			
Temperature	Storage/Operating	-40°C to 85°C	

Other

This part is RoHS compliant

Mounting

Bulkhead Mounting

Diameter of required drill hole: \varnothing 19mm

IMPORTANT NOTE:

Adequate surge protection is the responsibility of the installer.
